The art of mouth-to-muff resuscitation made easy

Hot Licks

When I was a teenager, somebody quipped about going down on a chick. “Once you get past the smel, you’ve got it licked.” My reaction was a predictable “yecch!” For years the odor of pussy lingered in my imagination as something vastly unpleasant. Today it lingers in my beard.

I was in my mid-twenties before I began to develop a taste for pussy, and that was only by holding my nose and being careful to breathe through my mouth when performing this “unnatural” act. The only unnatural result was that I frequently inhaled loose pubic hairs which then lodged distractingly at the back of my throat. Eventually I discovered that if I inhaled through my nose I could avoid a lot of that. Gradually, I even learned to like the smell, which made inhaling through my nose a pleasure instead of merely an act of self-defense.

The Joys of Mouth-to-Muff

Mouth-to-muff resuscitation is enthusiastically advocated by every sex guru on the bestseller charts since Masters and Johnson’s first book, which didn’t acknowledge its existence. Physicians, psychiatrists and some priests routinely advise it as a means of enhancing marital relations. Some sex therapists give lessons. Most lesbians are quite good at it. Almost all swingers of both sexes are proud of their cunnilingual expertise, calling it “Frenching,” and often advertise “French culture” in the popular media.

Millions more ordinary people speak of it as “going down.” Other people prefer the expressions, “giving head.” Medical books and straight journalists tend towards the terms, “cunnilingus,” “oralism,” and “oral-genital contact.” Less formal terms include “eating,” “eating pussy,” “eating (a woman) out,” “muffdiving,” “lunch at the Y,” “having a furburger,” “clit licking,” and “cunt lapping.”

A Man’s Method

One of the classic modern descriptions of going down on a woman was written by underground eroticist Harry Barstead and is called “Joy of Tongue.” With Harry’s permission I quote:

“My fingertips were gentle as they parted the crisp, curly hairs of her bush and plucked softly at the crumpled folds of her labia. Taking my time about it, I meticulously arranged my lady’s pink velvet lips, spreading them as far apart as ‘they would stretch and pressing slightly upwards over her pubic arch.

“Obediently, her clitoris emerged from under its tiny hood of glistening flesh to stand quiveringly erect,

a tiny bundle of nerves’ in the exact center of a two-inch circle of pink skin, making a perfect target for my probing, inventive tongue.

“Still moving in slow motion, I dipped my head toward the crotch I’d visited so often in the past few months. By now I’d spent at least 30 hours, by conservative estimate, with my nose buried in her cunt, or her cunt in my mouth, some such arrangement. Eighteen hundred minutes, with probably an orgasm a minute—little ones, like she was practicing up for the big ones. We gave up trying to keep count long ago.

“These clitoral tongue-lashings seldom lasted more than five minutes before my woman would experience such an overwhelming craving for my cock in her cunt that that glistening orifice would clench and unclench rhythmically, impatiently.

“And then we’d fuck

“My girl comes good, comes strong, comes often, comes noisy, comes lively, and comes quick. Sometimes she comes so fuckin’ good I can get off on the echoes.

“A few nights earlier I’d been experimenting with a variation of clit-lapping I couldn’t recall having tried before—a very lazy, relaxed approach, actually—and it had tickled my

lady's fancy so satisfyingly that she'd been horny ever since just thinking about it.

"...Very slowly now, I lean into her upended crotch and my warm, wet tongue leaves a tingling track of saliva which starts at her tailbone and progresses frontward/cuntward at an easy pace, lightly touching her anus, gliding up her nerve-rich perineum to the bull's eye of her cunt itself, which reacts to my tongue tip by contracting, almost like swallowing. I seal my lips to her hole and suck sharply, sipping her juices, which mingle with my saliva. We both swallow.

". . . I purse my lips and blow gently at her tiny bud, already wet with my spit, and it changes temperature quite abruptly.

"... Shifting my grip... I... spread her labia with my left hand, which lets my right thumb wander back to her vagina and gently slip inside. Her cunt sucks contentedly at my thumb. I lay my mouth over her mound and suck gently at her clit.

"... Here comes what she's been waiting for all along: I place the tip of my tongue tenderly over the exposed nub of her clitoris and stop all movement. Freeze frame. I take back my thumb. Long pause.

"Slowly, super slow motion now, I move my tongue-tip a fraction of an inch. It takes 10 seconds for my tongue-tip to move that fraction of an inch. This is what it's all about. This is what everything has been leading up to.

"My girl focuses her total erotic attention on her clitoris—it's the only point of sensory input that's getting any input at all, and it feels fan fucking-tastic."

At this point the woman has an excruciatingly intense orgasm, which she describes to him later: "The tip of your tongue felt like a tiny electric probe and the current was flowing into my clit. And then I was coming and my clit was the fireball of a nuclear bomb blast. "

Instead of stopping once she's reached orgasm, Barstead keeps her at the crest of her climax. "... gently, I suck her delicate underlips, clit and all, into my mouth and nibble at the tiny swollen shaft while my tongue keeps on keepin' on.

"Super slow. One microscopic nerve ending after another. Super slow."

A Woman's Method

And that, class, is what it can be like when you go down skillfully. It was written by a man who apparently is quite good at it, and who genuinely enjoys it enough to describe it in loving terms. Barstead is male and writes from a male viewpoint, with a male's perceptions.

Then there's a woman's perspective on giving head to a woman. One of the more outspoken of the openly bisexual writers of the times lived with Harry when he was writing "Joy of Tongue," and later offered her own version of how to do it.

"First, I stroke the curly pubic hairs, twining them in my fingers and massaging the mons veneris. At this point I stay away from the supersensitive clitoris. I don't want to push the feelings too fast. Pulling gently at the labia and around the area, and smoothing gently at the mound. For starters,

I like to look at the face of my partner so I can sense if she's getting hot. If she is, I can speed up. "As I play with the lips, I pull them fully back and expose the clitoris, which will be quivering slightly in anticipation. Blow on it. It is almost impossible to describe the exquisite erotic feeling this produces. If you have been careful about building the tempo, the first breath on it should produce a moan of delight ... and a heaving surge of hips.

"The first object to make direct physical contact with the clitoris should be the tip of your tongue. The clit is very sensitive and very tender ... delicate and velvety-soft movements are required. Flick the tip of your tongue all around the swelling button and as you complete the circle, finally

touch the clit itself.

"From now on the tempo mounts and comes to climax. You have freed your hands and fingers by substituting your tongue. Slide one or more of your fingers into the slit below. This places you in direct contact with the muscles of the vagina, contracting and clenching around your fingers.

"Several movements can be used to excite the woman... it varies from woman to woman. Some like thrusting, pushing deep into the vagina. Others really dig a roto-rooter effect, twisting and turning your hand as you slide your fingers in and out. Ask. It never hurts to ask a woman what turns her on.

"You may notice that the clitoris under your tongue has swollen perceptibly, a signal that orgasm is just around the corner. Now is the time to be extra sensitive. You can blow it by not blowing her right.

"Play her like a musical instrument. Place the tempo of your thrusts to her own thrusting. You may feel the uterus begin to flutter and the muscles around your fingers begin to tighten involuntarily. Push gently against the groin, giving her something to surge toward.

"Suck and push and flick and thrust until the final moans and groans. Don't leave her right away. Keep your mouth there, warmly caressing the shuddering clit. Slowly withdraw, finishing off with a long, lingering kiss."

Muscling Up

There you have it, gang, a spectrum of techniques, from slow-motion gliding tongue action to rhythmic thrusting and quick flicks of the tongue-tip by Simon. Both techniques focus on blowing on the clitoris. Both insert fingers or a thumb into the vagina while their mouths are busy stimulating the clit. Both actions are optional, the crucial part is what you do with your mouth and tongue.

It stands to reason that the beginner will take longer to bring any given woman to orgasm than will the person whose tongue knows exactly what it is doing. The beginner, though, is precisely the one who can't afford to keep at it a long time. The beginner invariably does it wrong, and wakes up the morning after with a stiff neck, a tired tongue and sore cheeks.

While pussy-licking involves more than just your mouth and tongue, the muscles of the mouth and tongue (and to

some extent those of the neck) are the only ones employed in significantly different patterns than they may be accustomed to. Diligent practice will strengthen them and enable you to go down for long periods of time, but there are also specific exercises designed to accomplish the same end.

1. Stick your tongue out and moving it from side to side, like a windshield wiper, touching the corners of your mouth each time. Start off by doing it for 30 seconds, and work your way up to 60 seconds.

2. Stick your tongue out as far as it will go, then retract it as far as you can. Start with 10 times, working up to 50.

3. Exercise number 3 aims at developing precision rather than strength. If you don't have a willing partner to practice on several times a day, your fist will do as well. Better, in fact, since you can feel what's happening. Curl your fingers as if holding your erect cock, and stick your tongue as far as you can into the hole. Move your third or fourth finger down to act as a rear wall—this is your target.

Try to touch your tongue tip to the same spot on your finger 10 times. Be conscious of how the various parts of your tongue feel during this process.

Now explore the hole with your tongue. Really pay attention to how it feels to your hand. Note the difference in texture between the upper surface of your tongue and the underside. Twist the tip 90 degrees. Move it in and out.

Imagine your fist is a vagina. Caress it with your tongue. Experiment. Move it back and forth, up and down, sideways, in circles. With a little practice you can make your tongue throb in there.

Now make a fist again, only this time turn it so the fingers are facing you, knuckles uppermost. Imagine the space between your second and third fingers is your lady's hole, and do everything to it that you can think of, not only with your tongue but with your lips as well. Focus on what it feels like, and really explore those nerve endings and the physical sensations which your tongue can give them, for these are the same basic sensations that her pussy will experience later.

4. Find a mirror, stick out your tongue, and watch all the different things it can do. Practice until you don't need the mirror to know exactly what's happening. Remember, your tongue is all muscle, and can be strengthened with regular exercise. Tongues vary in size, length, strength and mobility.

Exercise will make it stronger but not a whole lot longer. Some tongues are long, some are short, but they all fit their own mouths. Just as in the case of your dick, it's not how big a tongue you have but what you do with it that counts.

The Fatigue Factor

As I said, the tongue is a muscle. When a muscle is used in a pattern it's not used to, it tires easily and may ache the next day. A more vexing complaint arising from overuse of an out-of-shape-tongue is a charley horse at the root of it. This can be quite painful and spoil your mood entirely.

A significant factor in tongue fatigue is the angle at which the head is held. When bent forward so the chin touches the chest, as when you and your lady are engaged in the 69 position, or bent way back, as when your body is between her legs, the risk of a charley horse is greater than when the neck is held in a more normal position.

Another common fatigue point encountered is in the jaw muscles on either side of the face. The sensation is of aching cheeks, as if you've been smiling too much, and comes from holding your mouth wide open for long periods of time. This is also a frequent contributing factor to the charley horse mentioned above.

A way to prevent each of these problems is to vary what you're doing so that your tongue gets a rest and so you can close your mouth from time to time—without having to interrupt the overall oral stimulation. Instead of your tongue, periodically substitute your lower lip in order to continue the rhythmic stroking and licking movements.

Another way to rest the root of your tongue is to gently suck the part you've been licking into your mouth, so your tongue can continue providing movement while remaining entirely inside your mouth.

Practice these exercises diligently, and then when you get an invitation to lunch at the Y you'll be able to give your partner a lot more than just a lick and a promise.

Emma spent plenty of time in the college bathrooms with boys so that she garnered a skilled reputation. Now that she's out of college she'll have to step up her game. Fortunately it doesn't take her long to make her choices. From there it doesn't take long to get down to business.

FROM MY MOUTH TO
MY PUSSY, YUM!

MOUTHS AND PUSSIES AND COCKS, OH MY!

BACK TO WORK

I was cleaning these rich people's outdoor pool when the lady of the house walks slowly and goes inside giving me a glance but doesn't say a word. She went into her bedroom without any attempt to close the door. She stood in front of the full length mirror and took off her dress. I couldn't help but watch and she must realize I was watching, no? She moved her hands behind her back and unclasped her bra letting it too fall to the floor. Her boobs were beautiful, yes! She ran her hands over them and squeezing them as if admiring how good they looked.

"Do you like them?" she asked suddenly turning towards me. I struggled to find any words and just managed to squeak a 'yes.' Her ass was really sexy too as she turned to face me for the first. She walked over to the bed and said, "Come here and lick me." she ordered. I put down my brush and entered the bedroom and saw she had laid back on the bed and spread her legs wide. I moved in between her legs and pushed my

tongue into her deliciously wet pussy. She tasted real good. A moment later I could feel all the muscles in her pussy contracting as she came. I got up, grabbed my tools and went back to work.

IT'S GAME TIME

My girlfriend and I like to play a seductive little sex game before the main act. I'm writing because it may help some of your readers enjoy a more varied sex life. It has sure worked for us and even though we've been together only five years, it's really spiced things up.

And it goes like this... We are going to go this week to a local hotel. There's no pretense that this is for anything but the satisfaction of our sexual desires. We have done this before, but this time we've been emailing each other I told her that I was bringing something new this time.

We agreed to meet at eight, and I'm first to the room. I have nothing with me except the clothes on

my back and a paper bag containing various items. I pull the covers off the bed so only the sheets are exposed. On the pillows I lay out six different items that will be our amusement for the evening. These consist of a bottle of champagne bottle, a small Pocket Rocket, a whiffle ball, a water toothbrush, a Persian cucumber, and large candy bar candy bar. I bet you can guess what's going to happen and you're probably right. But to be reading this, guessing about it and doing it are all completely different things.

Two minutes later, she enters the room. I'm sitting on one of the two chairs. She walk over to me and kisses me a light 'hello' while eyeing the objects on the pillows. She whispers that she likes the selections and proceeds to the bathroom. Moments later she comes out totally nude. She has a tight cheerleader body with small but beautiful breasts.

Let the games begin. But first the rules: I have written on a piece of paper the order in which I think she will choose the items. She has only one hour to use all of them in

the order she wants. I cannot touch her or say anything during that hour. The object is to see which will get her off either the fastest or the best. She can be in any position she wants, but can only finger herself for a minute with any object.

She can only use one at a time and only in her pussy for this affair. After the hour is over, she'll tell me which object satisfied her the most and why. Then that object will go into out Hall of Fame while we enjoy it together, later.

Now, dear readers, the object of this letter is not to describe my girlfriend getting off using these items, but to encourage you to try something new and do something a bit more exciting in your sex life.

So... here are the results...

She selected the Pocket Rocket first, the cucumber was second, the water-powered toothbrush third, the whiffle ball fourth, the champagne fifth and the large candy bar was last. My choices matched hers except I had the champagne after the candy bar.

And the winner that she selected was, the... water-powered toothbrush.

She said she liked how the warm water felt on her clit and that she could use the base as a vibrator! A real winner, she said.

Warren, Baton Rouge

I CLOSED MY EYES

This is a true story that happened to me. It was warm in the empty laundry room of my apartment building and the hum of the few washers and dryers lulled and comforted me after a long day at work. To pass the time, I put on my headphones and settled into the sounds on my music player. I closed my eyes and relaxed against the washer, lost instantly to music, and the vibrations from the washer which enveloped me.

Not ten minutes into it, my mind wandering from song to song, I leaned forward across the washer, swaying my hips to the beat. Suddenly it was then that I became aware of the lightest of touches against my neck, and then another on my shoulder as soft hands

reached around moving against me. I feel a warm, hard body as the straps of my dress slip from my shoulders to my arms. Soft kisses on my cheek, neck and shoulder and I arch my back and turn my head around towards the warmth.

My eyes are still closed when warm lips find mine. First softly they kiss me, sweetly caressing mine, then more urgently until a searching tongue finds its way between and is met with mine. The unknown hands leave my shoulders.

One finds its way inside my dress to my breasts, nipples now awakened by the rough touch, are pinched and tormented. The other hand slips lower, just barely brushing against stomach until it slides my hem up to reveal my panties and then slips inside the elastic band.

I find myself grinding against a sudden hardness pressing against my lower back and at the same time against the two fingers that have opened me up to allow the third to work expertly on my clit. I moan desperately as it is slowly dipped inside then back again precisely

rubbed across its now slick target. Like the clothes in the washer in front of me, I am being worked to lather. I cannot contain a shiver as I feel my undies peeled to the side from behind and I am lifted slightly.

A hot, hard cock slides easily between my thighs and presses against my wet swollen clit, lingering and retreating. I cry out as I am driven crazy by the sensations and my legs are trembling and then when strong hands hold me by the hips, the thrusting begins at last. I am pressed hard against the washer which is now vibrating madly on its spin cycle, sending delicious sensations through me from the front while I am riding against him from behind.

The soaked lace from my panties is rubbing across my clit with each thrust sending tremors through me and I feel myself clamping down onto his cock as I start to cum. Crying out I fall forward onto the washing machine which finished its spinning, just as I did.

Suddenly the earphones are roughly pulled from my left ear.

A woman's voice is asking me if I am alright. I open my eyes and notice it's the manager. I say, "Yeah, yeah. I'm alright." as I look around the room searching for that warm, hard body.

NOW FRANK, NOW

I just want to tell you of a girl I dated back in the day, a real freak. This girl was always up for something wild – blowjobs in elevators, handjobs at the movies, fucking in the library, vegetable play, you name it.

She had the best big funbags, topped with perfect, luscious, suckable nipples, the kind you get so caught up in you almost forget the girl has a pussy. Can you say "motorboat?" I loved to oil up those tits of and slip and slide my rock hard cock between them, with her mashing them together around it until I blow my load all over em.

Little gets me hotter than watching a girl fingering her pussy. I'd watch her spread her engorged pussy lips for me. I whipped out my cock and

stroked away, imagining I was her probing fingers.

"Come here. I've got a surprise for you." She'd push my face down into that wet pussy of hers and I'd dine on her sweet pussy and its delicious nectar. Then I'd lick her clit six ways to Sunday, and after a while shove a few fingers deep inside her. Moaning, she'd grab my head and push it deeper and harder into her. "Fuck me now, Frank," she'd cry, and naturally I'd be all too happy to oblige.

Her mouth would encircle my hard-on and she'd suck away like there was no tomorrow. Before I came, I'd pull out my cock and plow it deep inside her and she'd grunt as it entered deep into her wet pussy hole. Then I'd fuck her brains out until I filled her pussy with my cum. And then we'd go at it again...

Then one day I went over to her apartment and she was moving out. Headed back east to be with her ex. As she left, so did the best pussy I ever had. Don't cry for me, Alberta. I'll be back.
